Arrestling - Coach Level Full Spectrum Team Tactics

Suquamish Police Dept is hosting this 40-hour Course. This is an Instructor Level, Train the Trainer Course. Students who complete this 5-day course will be certified as both Advanced Weapon Retention and Advanced Ground Survival Instructors.

Techniques can fail vs Concepts and Principals, which work in multiple situations!

NOTE! To increase material retention this class is split into 2.5 days over two weeks.

This class allows instructors to provide in-service training in 2-4 hour blocks to match their agency's needs. This class will focus on building Team Tactics using a Full Spectrum Force Options Model. Most training focuses on specific techniques from different instructors including CIT, De-escalation, Defensive Tactics, Taser, Firearms and Patrol Procedures. However, valuable these may be, when techniques are taught in disconnected, separate modules, they may fail when officers attempt them during a dynamic situation on the street.
