April 15-17, 2024

Public Safety

UAS Basic Pilot School

FAA Part 107 Focused

This course is designed to train newly certificated Part 107 pilots in the operation of your UAS platforms with the assumption that they will be conducting public safety operations under the FAA Part 107 regulatory framework. Your pilots will spend 3 days learning to fly your drones in a crawl/walk/run format starting with basic nomenclature and ending with case use scenarios.

**\$550 Per  
Student**

**Class size limited  
to 24 students**
