Leadership:

Command and Control for Critical Incident Response

Course Description:

This 2-day Leadership course is structured for Command Staff, First-Line Supervisors, and those who will become supervisors. The course is divided into two parts.

Day 1: The examination of tactics, techniques, and procedures required to effectively respond, control, and command the on-set of critical incidents; and Day 2: The handoff of that scene to the investigative branch and its continued management, command, and control of the scene until conclusion.

The course is Incident Command System, National Incident Management System eccentric, combining facilitated discussions and classroom exercises to solicit growth customized to the agency of the student. The purpose of the course is to guide leadership methodologies, techniques, and procedures in the response, command, and control in the initial response and continued management, of critical incidents law enforcement faces in their operational space.

Course Overview:

- Definition of what a Critical Incident is to your agency.
- Leadership Traits and how they apply to Critical Incident Response and Command.
- Supervisor Responsibilities.
- Incident On-Set and Dispatch Priming Challenges.
- Establish In-Progress Response Actions.
- Extended Response Control and Command Requirements.
- Life Saving/Evidence Preservation Requirements.
- Post-Incident requirements.

Course Duration and Fee:

2-Days:
8 am to 5 pm
16-hours of instruction
\$250.00 per student
