Undercover/Confidential Informant Rescue

Course Description:

This 3-day Undercover (UC) Officer/Confidential Informant (CI) Rescue course is structured for Street Crimes Units, Undercover Units, or any other Investigative Unit that utilizes UC officers or CI's. It was developed because of experiences while conducting, investigating, managing, and leading undercover operations and preparing for the potential of the rapid transition into high-risk and exigent circumstance situations where UC officers or CIs were placed in physical harm or life-threatening situations.

This training curriculum is designed to give a fundamental understanding of skills and techniques to officers and surveillance teams who would have to enter a premises or vehicle under exigent circumstances. It is not intended to make them a SWAT team, which are trained and should be used, to serve pre-planned high-risk search warrants or respond to and contain critical incidents where time allows for advanced tactical response.

The training will include basic entry skills, immediate action drills, impromptu vehicle assaults and lawful entries for immediate life-threatening situations for officers, victims, hostages, or confidential informants operating under the authority of a law enforcement agency.

Course Duration and Fee:

3-Days:
8 am to 5 pm
24-hours of instruction
\$375.00 per student
