THE POWER OF LEADERSHIP

Have you ever felt that leading your team is like herding worms? Everyone's heading in a different direction? Have you ever wondered why people do what they do? Do you find it distracting when some employees excel while dealing with others is like pushing rope? Would you like to live in a perfect world? So would I. Finally, a training program that helps you see why managing some folks is easier than managing others! During this upbeat seminar you will learn how to inspire the uninspired and lead the unleadable. This is a must-see program for anyone who supervises anyone.

Dr. Henry's leadership program is sure to instill in you a new appreciation of past values and how they apply today, a renewed passion for service and leadership, and a sometimes forgotten principle that things of value are not ordinary.

Dr. Dale Henry grew up in the foothills of the Smoky Mountains, an area that is bountiful in two things—hospitality and story-telling. Dr. Dale has been a teacher, principal, Dean of the oldest college in Tennessee, a businessman, author, and a speaker and trainer. Dale has been in customer service over half his life. His story-telling ability propelled him as a teacher. This, combined with his customer service and unique ability to captivate audiences, has sky-rocketed Dale in his speaking career.

Since he began speaking just a few short years ago, corporate, government, and educational agencies call on Dr. Henry regularly to have him train their professionals. His client list is a virtual who's who of the top business and agencies in the nation. Dr. Henry is a master teacher in every aspect of the term, and he is what motivational speakers aspire to become.
