WESTERN REGIONAL COUNTERDRUG TRAINING CENTER

Open Source/Social Media Analysis

For Law Enforcement, Military, Support, Corrections, and Emergency Management Personnel
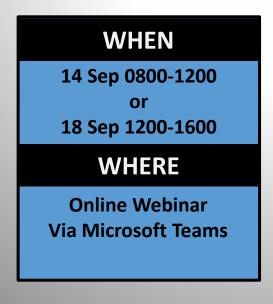

Cost: **FREE** to Class Participants

Course Length: **1/2 Day / 4 Hours**

Prerequisite: **NONE**

This class will teach you how to search for gangs on social, conduct reverse image search, conduct advanced searches on Facebook, locate deleted Tweets and Instagram posts, using different methods in locating social media accounts by email or telephone number, monitor live Twitter accounts, find drug dealers on social media, look for geo tags on images, identify fake Facebook accounts, identify users of private cellular numbers, use hidden tricks on Android and iPhone to track users, and save snaps from Snapchats.

This is **NOT** a 101 class. It is a fast-paced, very condensed class. Not recommended for those who are not computer savvy.
